I don't have any updates for this Wednesday and am fine with taking these off the calendar for the future. I am available, however, if others have updates to share.

At some point in the not too distant future I suppose we need to talk about the communication plan for the Jan 30 decision. I guess we'll hear from EPA and NOAA when that time has come?

Hi Jane, Karen, and Jayne,

I know Gene isn't able to meet, and we've been canceling a lot of these meetings. I'm okay with a quick update this Wednesday, but am thinking about canceling these meetings in the future to free up our calendars. Sound all right to all of you?

Hi Everyone,

It looks like the first and third Wednesdays generally work for all of us on CZARA and TMDL

litigation issues. Let's keep this on the calendars, and we'll adjust if we need to. I'm hoping this will be useful for all of us as we work through all of the issues.

Let's do 10-10:30AM CZARA and 10:30-11AM TMDL litigation to start off. Jayne and I plan to be on for the whole hour, so we can move to TMDL litigation if there isn't as much to go over on CZARA. Jane and Karen, I don't know if both of you want to be on the whole hour, but maybe at the beginning of the call, we can check in with each other if we should adjust times for CZARA or TMDL litigation. Looking forward to all of us talking again - Jenny
